EDUCATION

Bachelor of Engineering in Computer Science and Engineering

Ballari Institute Of Technology and Management, Ballari

2027

CGPA: 6.61

PUC

Alva's PU College

2021 - 2023

Percentage: 79

SSLC

St Anne's Convent high school,Vidyagiri,Bagalkot

2020 - 2021

Percentage: 66.4

SKILLS

Technical Skills:

C,C++, Python, MySQL, MongoDB

Soft Skills:

Communication, Teamwork, Problem-solving, Critical Thinking, Creativity

PROJECTS

Real-Time Object Detection System

Designed and developed a Real-Time Object Detection System that identifies and tracks objects from live video streams using a webcam or CCTV camera. The system processes video frames in real time, detects multiple objects, draws bounding boxes around them, and displays their labels with confidence scores. It can be used for surveillance, traffic monitoring, attendance systems, and smart security applications.

Technologies Used: Python, OpenCV, YOLOv8, NumPy, Computer Vision, Deep Learning.

CERTIFICATION

- MongoDB Python Developer Path Certified
Hands-on experience building MongoDB applications using Python, PyMongo, and NoSQL data modeling.
- MongoDB Node.js Developer Path Certified
Experienced in developing scalable backend applications using MongoDB with Node.js, Express, and modern design patterns.

INTERNSHIP

- Python Development Intern (3 Months)
Worked on automation scripts, debugging, and code optimization using Python and core libraries while collaborating with the development team using Git.

ACHIEVEMENTS

- Participated in Ideathon
Presented innovative ideas and collaborated on concept development during competitive sessions.
